Campaign Spending: [List of Filers](#)

I respectfully request your support. In 2006 I will complete my second term as the State Representative for District 7. During the past two years I served on the Finance, Hawaiian Affairs, Energy and Environmental Protection, and the Water, Land, and Ocean Resources Committees of the State Legislature. I voted on improvements to education, public safety, transportation, housing, and the environment. I was successful bringing attention and funds to our District. During the coming year, we will see improvements to state highways, schools, Hapuna Beach State Park, and Kawaihae Harbor.

I have decided to be a candidate again because I believe I will be able to accomplish even more than what I have managed to accomplish in the past. I want to contribute to better decisions and outcomes by government. I make no promises other than I will work hard, I will use common sense, and I will do what I think is best for our District.

A brief personal history: I was born in 1952 to parents who were World War II veterans. I paid my own way through college, working full time. Later I worked for AT&T and for the Washington State government. I was the President of the Waikoloa Village Outdoor Circle. I am married, we have two cats. I got into politics when I became concerned about changes that were coming to West Hawaii.

Thank you for your consideration.

With warm aloha, Cindy Evans
